General questions (until 2019-12-09)																				
I enjoyed the course.																				1,7
The atmosphere during the course was pleasant.																				1,0
The support during the course was appropriate.																				1,0
The course motivated me to deepen my knowledge in this field.																				1,8
I learned a lot in the course.																				1,0
Necessary preliminary knowledge was adequately specified in advance.																				1,3
The course contributes to my studies.																				1,5
How much time did you have to invest into the course (One credit point should mean 30 hours of working time)?																				1,2
General questions (until 2018-06-11)																				
I enjoyed the course.																1,4			1,0	
The atmosphere during the course was pleasant.																1,0			1,0	
The course motivated me to deepen my knowledge in this field.																1,9			1,0	
I learned a lot in the course.																2,1			1,0	
Necessary preliminary knowledge was adequately specified in advance.																1,2			1,0	
I think the expenditure of time for the course was appropriate (One credit point should mean 30 hours of working time).																1,0			1,0	
The course is important for my studies.																2,2			1,0	
Course topics (until 2019-11-13)																				
The course was well structured.																				1,8
The topics of the course were well selected.																				1,2
Learning material (until 2019-12-09)																				
The provided learning material was up to date.																				1,5
The learning material was suitable for preparation and follow-up.																				1,7
The learning material was provided in time.																				1,4
Project																				
I enjoyed the project.																				1,3
The project's topic was interesting.																				1,3
The project met my expectations.																				1,7
The project matched my interests and skills.																				1,3
The tasks were clearly specified.																				1,8
All team members participated equally.																				1,3
How much time did you have to invest into the project?																				1,2
Bachelor's project 3 - Bachelor's thesis																				
The topic of my bachelor thesis was interesting.				1,3													1,0			
The topic of my bachelor's thesis matched my areas of specialization.				1,5													2,3			
It was easy to derive the topics of the bachelor's theses out of the project's scope.				1,8													1,5			
The topic of my bachelor's thesis was directly derived from the scope of the project.				1,5													1,5			
The time for the preparation of my bachelor's thesis was sufficient.				1,8													1,3			
Course topics (until 2018-06-11)																				
The course was well structured.																1,7			1,0	
The topics of the course were well selected.																1,8			1,0	
Teaching language																				
I had no language related problems in this course.						1,0		1,2	1,0	1,7	1,0	1,0			1,0					
Lecture 1 - Content_until_WS15																				
I learned something in the lecture.	2,3							2,2												
The techniques taught in the lecture seemed to be up to date.	1,8							2,1												
The content of the lecture was well structured.	2,3							2,2												
Project (until 2019-01-09)																				
I enjoyed the project.																			1,0	
The project's topic was interesting.																			1,0	
The project met my expectations.																			1,0	
The project matched my interests and skills.																			1,0	
The tasks were clearly specified.																			1,0	
The expenditure of time for the project was appropriate.																			1,0	
All team members participated equally.																			1,0	
Learning materials (until 2018-06-11)																				
The amount of provided learning materials (paper, slides, etc.), was sufficient.																			1,5	
The provided learning materials were useful.																			1,0	
The learning materials were provided in time.																			1,0	
Master's project 1 - Effort/time management																				
The expenditure of time was appropriate.														1,0				1,4		
All team members participated equally.														2,3				2,0		
The deadlines for sub-tasks were realistic.														1,5				1,2		
Lecture 2 - learning material_until_WS15																				
The amount of provided learning material was sufficient.	1,6							1,6												
The provided learning material was useful.	2,1							2,3												
The learning material was provided in time.	1,4							1,5												
Bachelor's project 0 - General Questions (until 2018-06-11)																				
I enjoyed the project.				1,5													1,0			
The project's topic fits into my studies.				1,3													1,0			
The project's topic was interesting.				1,0													1,3			
The project matched my interests and skills.				1,8													1,5			
The project met my expectations.				1,8													1,8			
The tasks were clearly specified.				2,5													1,5			
I would choose the same project again.				1,3													1,0			
Master's project 0 - General questions (until 2018-06-11)																				
I enjoyed the project.														1,3				1,4		
The project's topic fits into my studies.														1,7				1,8		
The project's topic was interesting.														1,3				2,0		
The project matched my interests and skills.														1,7				1,8		
The project met my expectations.														1,7				2,0		
The tasks were clearly specified.														1,7				2,4		
I would choose the same project again.														1,3				1,5		
Lecture 3 - Miscellaneous_until_WS14																				
I enjoyed the lecture.	2,9							3,0												
I am satisfied with my learning success.	2,7							2,7												
The lecture provided all information and skills that I need to deepen my knowledge in this topic.	1,9							1,9												
The lecture is important for my studies.	1,7							1,9												
I think the expenditure of time for the course was appropriate.	2,6							2,1												
I can understand how the grading is influenced by specific criteria.	2,9							2,1												
Bachelor's project 2 - Supervision/business partner (until 2017-12-12)																				
The professor was interested in the project and its results.				4,7													1,5			
The professor contributed to the project.				4,7													2,0			
The business partner contributed to the project.				1,0													1,5			
The supervision by the chair was satisfying.				1,0													1,0			
The supervision by the business project partner was satisfying.				1,0													2,5			
Lecture 4 - Exercise_until_SS15																				
The exercise contributed to my comprehension of the lecture.	2,3																			
Lecture and exercise were well synchronized.	2,8																			
The technical level of the exercise was appropriate.	1,8																			
Master's project 2 - Supervision (until 2017-12-12)																				
The professor was interested in the project and its results.														2,0				3,0		
The professor contributed to the project.														3,7				3,5		
The supervision by the chair was satisfying.														1,0				1,4		
Seminar_until_WS14																				
I enjoyed the seminar.		1,8	1,5																	
The seminar's topics were chosen very well.		1,8	1,5																	
The provided learning material was a good start for own research.		2,3	2,0																	
I think the expenditure of time for the seminar was appropriate.		1,5	1,8																	
I learned something from the seminar.		2,0	1,8																	
I can understand how the grading is influenced by specific criteria.		2,5	2,3																	
Project seminar_until_WS15																				
I enjoyed the project seminar.										2,0	1,8	1,3			2,1					
The seminar's topics were chosen very well.										1,7	2,0	1,7			2,1					
The provided learning material was a good start for own research.										2,3	2,5	1,3			2,8					
I think the expenditure of time for the project seminar was appropriate.										2,3	1,5	1,7			2,0					
I learned something from the project seminar.										2,0	1,9	1,7			1,6					
The theoretical contents of the seminar helped me working on the project.										2,3	2,2	1,0			3,7					
The project seminar is important for my studies.										2,3	3,1	2,0			2,1					
Project seminar_until_WS14																				
I enjoyed the project seminar.					1,5	1,1			1,3											
The seminar's topics were chosen very well.					1,1	1,3			1,5											
The provided learning material was a good start for own research.					1,6	2,4			1,9											
I think the expenditure of time for the project seminar was appropriate.					1,3	1,3			1,8											
I learned something from the project seminar.					1,3	1,1			1,1											
I can understand how the grading is influenced by specific criteria.					2,4	2,4			2,9											
The theoretical contents of the seminar helped me working on the project.					1,7	2,8			1,7											
Project_until_WS14																				
I enjoyed the project.			1,5					2,2												
I think the expenditure of time for the project was appropriate.			1,3					2,3												
I learned something from the project.			1,8					1,7												
I can understand how the grading is influenced by specific criteria.			1,5					2,2												
Bachelor's project 1 - Effort/time management (until 2017-06-01)																				
The expenditure of time was appropriate.				1,0													1,3			
All team members participated equally.				3,8													1,3			
The deadlines for sub-task were realistic.				1,0													1,3			
The time for preparation of the press release, poster and presentation was sufficient.				2,5													1,5			
General questions_until_WS15																				
Necessary preliminary knowledge was adequately specified in advance.															2,3					
The atmosphere during the course was pleasant.															1,3					
The course motivated me to deepen my knowledge in this topic.															1,6					
Contributor – General questions (until 2018-06-11) (Tim Felgentreff)																				
… showed respect for the students.																1,0	1,0	1,0	1,0	
… imparted knowledge.																1,6	1,0	1,2	1,0	
… addressed questions and proposals.																1,3	1,0	1,2	1,0	
… seemed to be well prepared.																1,8	1,0	1,2	1,0	
… was available even outside the course.																1,0	1,0	1,2	1,0	
Contributor – General questions (Tim Felgentreff)																				
… showed respect for the students.																				1,2
… imparted knowledge.																				1,0
… addressed questions and proposals.																				1,0
… seemed to be well prepared.																				1,5
Lecturer (Tim Felgentreff)																				
… had a pleasant way of presenting.																				1,3
… had a comfortable pace.																				1,7
Lecturer (until 2018-06-11) (Tim Felgentreff)																				
… gave the course in an interesting way.																			1,0	
… had a comfortable pace.																			1,0	
Project supervisor/Coach (Tim Felgentreff)																				
… actively supported me/my team.																1,2	1,0	1,2	1,0	2,0
Lecturer_until_SS_15 (Tim Felgentreff)																				
... showed respect for the students.					1,0															
... imparted knowledge.					1,0															
... adressed questions and proposals.					1,1															
... gave the course in an interesting way.					1,1															
... seemed to be well prepared.					1,0															
... was available even outside the course.					1,0															
Seminar lecturer_until_WS15 (Tim Felgentreff)																				
... showed respect for the students.						1,0			1,1		1,0	1,0			1,0					
... imparted knowledge.						1,3			1,0		1,2	1,0			2,0					
... addressed questions and proposals.						1,0			1,2		1,2	1,0			1,0					
... conducted the seminar in an interesting way.						1,3			1,4		1,8	1,0			1,0					
... seemed to be well prepared.						1,0			1,8		1,9	1,0			2,0					
... created a good structure of the seminar.						1,5			1,4		1,6	1,0			1,0					
... made a good job in actively supporting me/my team.						1,4			1,5		1,1	1,0			1,0					
... was available even outside the seminar.						1,1			1,5		1,2	1,0			1,0					
Seminar lecturer_old (Tim Felgentreff)																				
... showed respect for the students.		1,2	1,0																	
... imparted knowledge.		1,3																		
... addressed questions and proposals.		1,1																		
... conducted the seminar in an interesting way.		1,3																		
... seemed to be well prepared.		1,2																		
... was available even outside the seminar.		1,0																		
... made a good job in actively supporting me/my team.		1,3																		
Project's supervisor_until_WS15 (Tim Felgentreff)																				
... showed respect for the students.	1,0	1,2		1,0	1,0									1,0						
... imparted knowledge.	1,0	1,4		1,0	1,0									1,0						
... addressed questions and proposals.	1,0	1,3		1,0	1,1									1,0						
... made a good job in actively supervising me/my team.	1,3	1,3		1,0	1,2									1,3						
... seemed to be well prepared.	1,1	1,2		1,0	1,0									1,3						
... was available even outside the meetings.	1,1	1,0		1,0	1,0									1,0						
Total grade																				
Which grade would you give the course in total?						1,3		2,4	1,3	2,0	1,8	1,3		1,3	1,7	1,4	1,0	1,4	1,0	1,0
Overall Average Grade	1,9	1,6	1,5	1,7	1,3	1,4		2,1	1,4	1,9	1,7	1,3		1,4	1,6	1,4	1,2	1,6	1,0	1,2
Total voters/Total participants	34/76	15/40	4/18	4/5	8/16	8/12	1/4	35/73	11/11	3/6	14/18	3/4	0/3	3/4	7/8	7/7	4/4	5/5	2/2	6/8
Evaluation rate	44%	37%	22%	80%	50%	66%	25%	47%	100%	50%	77%	75%	0%	75%	87%	100%	100%	100%	100%	75%
